PROFESSIONAL SUMMARY

UX Designer with 1.5 years of experience designing enterprise SaaS and IT solutions. Skilled at translating complex system requirements into intuitive, accessible interfaces through user research, rapid prototyping, and data-driven design that reduces workflow friction and aligns user needs with business goals.

SKILLS

Tools: Figma, Fig Jam, Adobe XD, Miro, Canva, Photoshop, HTML, CSS, Bootstrap, Lovable; AI tools (Claude, OpenAI, Midjourney)

Design: User-Centred Design, Design Thinking, Information Architecture, User Flows, Wireframing, Prototyping, Interaction Design, Visual Design, Responsive & App Design, Design Systems

Research: User Research, Personas, Journey Mapping, Usability Testing, A/B Testing, Heuristic Evaluation, WCAG Accessibility Compliance

Collaboration: Agile Development, Cross-Functional Collaboration, Stakeholder Management, Developer Handoff

EXPERIENCE

Junior UX Designer

Mar 2025 – Present

Bharat Clouds Private Limited — Chennai, India

- Redesigned legacy enterprise workflows into modern, intuitive interfaces, delivering the core UX blueprint for a major platform modernization initiative.
- Designed an AI-driven analytics dashboard that translated complex system data into clear, actionable visual insights.
- Drove a 20% increase in user satisfaction through user research, persona development, and information architecture refinement.
- Streamlined engineering handoff by delivering style guides and technical specifications in Figma, accelerating development cycles.
- Translated business requirements into high-fidelity Figma prototypes, aligning user needs with product and strategic goals.

UI/UX Designer & Advanced Web Designer (Intern)

Dec 2024 – Mar 2025

Magic Bus India Foundation — Chennai, India

- Applied core UI/UX principles, wireframing, and interactive prototyping to build intuitive, mobile-friendly digital experiences.
- Conducted user research, persona development, and user-flow mapping to drive data-informed design decisions and improve engagement across touchpoints.
- Designed responsive interfaces using HTML, CSS, and Bootstrap, producing high-quality mockups through cross-functional collaboration.

PROJECTS

Smart Resource Allocation Engine - Case Study

Apr 2026

- Designed a B2B grid layout that consolidated chaotic, multi-layered scheduling timetables into a single, scannable visual hierarchy.
- Architected an automated contextual panel powered by smart-matching algorithms, reducing emergency substitution time from 15 minutes to under 30 seconds.
- Mapped complex system states and fail-safe validation patterns to eliminate double-booking errors while maintaining WCAG accessibility compliance.

EDUCATION

Master of Computer Applications (MCA)

Sep 2022 - May 2024

Hindustan Institute of Technology and Science, Chennai

Bachelor of Computer Applications (BCA)

Jun 2019 - Apr 2022

St. Joseph's College of Arts and Science, Cuddalore

CERTIFICATIONS

Google UX Design Professional Certificate (Coursera) • Generative AI Mastermind (Outskill) • UI/UX & Advanced Web Designer (Magic Bus India Foundation)
